

Quality Policy

The Management of the Company is committed to a policy of Quality Assurance throughout all activities of the company and sets goals and quality objectives in all areas to ensure a focus on continual improvement.

We will ensure that the service quality satisfies the specific contractual obligations of all Clients and any other relevant documents which augment this standard.

It is Datum RPO's policy to market only the services of quality that will merit and earn Client satisfaction by performing all functions reliably and effectively.

Systems are open to constant examination and review by all company personnel and approved third parties enabling observations to be made and incorporated, which provide for continuous improvement.

Suppliers to the company will be actively encouraged to improve the quality and reliability of their products and services.

Datum RPO has a moral and legal obligation to ensure that we work safely and ensure that others work safely. All staff are required to work within the framework of this policy.

Responsibility and reliability are associated with all aspects of our work and commitment to continued professional development and training thus ensuring staff are qualified and meet the company specified requirements.

The Quality Representatives have full authority to carry out the Quality Policy of Datum RPO, which is communicated to all personnel and they are required to co-operate with them.

New personnel are made aware of the quality policy upon commencement in reading this Procedures Manual.

Mission Statement

Datum RPO continuously aim to utilise its core values of dynamism, integrity and honesty to provide innovative services and superior value in the resource solutions sector.
